CRAZY LENNY'S DISCOUNT DRIVING SCHOOL

Scene 1 - Exterior American parking

lot

(WE HEAR INTERSTATE TRAFFIC ROARING IN THE DISTANCE)

CRAZY LENNY

Welcome to CRRRAAAZY Lenny's discount driving school, where we take all you folks off the boat and put you straight into a car to learn how to drive in the good ol' US of A. I don't wanna hear how y'all drive in your back water countries but here in 'Merica we do it the right way, the best way, and the fastest way. YOU! You there! Get your butt up here, you're first!

NIGEL MUNSFORD

Um...I'm sorry there seems to be some sort of confusion here, I was under the understanding that this was the line for the bus.

CRAZY LENNY

Bus?! Are you kiddin' me?! Have you ever seen the movie Speed?! You wont find ol' Crazy Lenny on one of them death machines. Drive that thing over 50 and you can kiss your grits goodbye!

NIGEL MUNSFORD

You do know that was a fictional film?

CRAZY LENNY

Fictional? Son, don't believe everything you hear in the papers. Snakes on a plane...haven't flown since. Now get in the car!

NIGEL MUNSFORD

No, um..you see

CRAZY LENNY

Get in the car!

NIGEL MUNSFORD

..ok

SOUND: CAR DOORS CLOSE

(EXTERIOR SOUNDS ARE MUTED WITH THE CLOSING OF THE DOORS. WE HEAR SOMEONE BUCKLE UP)

CRAZY LENNY

First mistake! You put your seatbelt on! How the hell are you supposing you are going to get out of the car

(MORE)

(CONTINUED)

CRAZY LENNY (cont'd)

when we crash? What happens when the car plows into a tree, I guess your seatbelt is going to stop your face hitting the wheel too?! Now take that thing off!

NIGEL MUNSFORD

err...Well I didn't plan on crashing actually.

CRAZY LENNY

What we plan and what transpires are two very different things. Right, this here car has dual controls, that means that i got the same peddles you do. 'cept my break don't work, but don't you worry, the accelerator is fine.

NIGEL MUNSFORD

Are you sure this is safe? I've never driven an American car before

CRAZY LENNY

Son, I got the emergency break right here, don't you go worrying about a thing. Now start the damn car!

SOUND: ENGINE STARTS
